About

Meet Vivi: our vivid range of rattan accessories. Rattan has been in Vincent Sheppard's DNA ever since the beginning of the company. For quite some years now we have been celebrating the material instead of using it solely as a firm basis for our Loom furniture. Thanks to this natural, soft material, the Vivi collection will add warmth and a sense of nature to your home.

The collection consists of a rectangular, graphically shaped storage basket, 2 basket tables, 1 side table, 2 coffee tables, 2 lamps, and 4 plant stands. With their natural, authentic look, these rattan accessories provide character and bring life to every space.

Materials & care

- Our Vivi collection is made of durable rattan.
- Vivi side and coffee tables: oak veneer top
- Basket tables: solid oak top
- Basket tables and the Vivi plant stands have a black powder coated steel support. Plant stands include a plastic saucer.
- Vivi lamps come with a white textile cable of 2,5 m and LED bulb.
- Natural rattan is easy to maintain: clean it every now and then with a moist towel and some natural soap, and you'll be able to enjoy it for many years to come.
