by e-ggs

Nebula è scesa dallo Spazio per raccontarci la sua estetica: un design denso e avvolgente, alleggerito da linee slanciate verso il blu. Assume così la consistenza di una nuvola, capace di trasformarsi restando riconoscibile: i due braccioli a goccia caratterizzano la linea composta da sedia, poltroncina e lounge, ognuna con differenti tipologie di basi per adattarsi ad ogni tipo di atterraggio. In più la scocca che la compone è realizzata esclusivamente in poliuretano, un materiale totalmente riciclabile. Spaziale, no?

Nebula came down from Space to bring us its aesthetic: a dense, enveloping design, lightened by sleek lines that reach for the sky. Thus it seems to take on the consistency of a cloud, transforming with ease, all the while maintaining a clear and recognisable identity: the two teardrop arms are a key feature of the seat, armchair and lounge chair, each with different types of bases suitable to land anywhere. In addition, its shell is made exclusively of polyurethane, a fully recyclable material. Out of this world, right?.
