AFTERROOM CHAIR PLUS  
Designed by *Afterroom*

The beautifully minimal Afterroom Chair pays homage to functionalism and the Bauhaus school of art. A Audo bestseller since its launch in 2012, the chair is the work of Afterroom, a young Stockholm studio founded by designers Hung-Ming Chen and Chen-Yen Wei. The duo takes the chair to a new level with Afterroom Chair Plus. Like the original, the chair is deconstructed and stripped of unnecessary components, with the additional feature of a wider backrest and a luxurious upholstery of both seat and backrest. The result is a blissfully simple chair that embraces minimalism and clean lines without compromising on comfort.

*About the Designer*

Afterroom is a Stockholm-based design studio founded by Hung-Ming Chen and Chen-Yen Wei. Its mission is simple, to create products that withstand the passage of time, increasing in beauty over the years – design to grow old with. The duo's philosophy pivots around simplicity and honesty. They were named Rising Star of the Year by ELLE Decoration in 2015.
